HIGH PERFORMANCE ADHESIVE TAPES

OSKORP

ONE4ALL TAPE

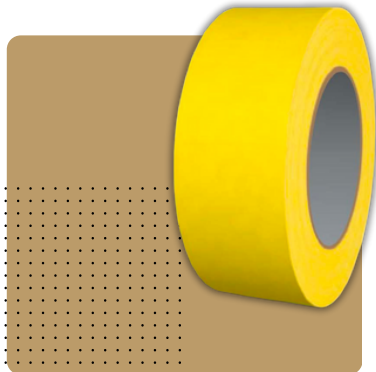

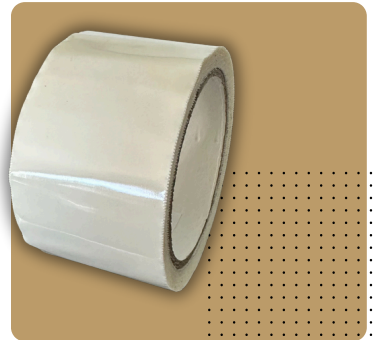

The OsCorp One4All Tape is a sealing and bonding tape used for inside & outside applications. The unique adhesive properties make it suitable for bonding and covering of overlaps for various surfaces, like plywood and vapor barriers.

OSKORP

LINERLESS TAPE

The Linerless Tape is a Multitape which, just as the One4All Tape, is suitable for indoor and outdoor use. The Advantage of the Linerless Tape is the easy application and handling, while also reducing waste. With Easy-Tear function.

OSKORP

PAPER TAPE

The OsCorp Paper Tape is only suitable for indoor use. The advantage of the Tape is a extended life-span (up to 60 years) and an easy installation thanks to it's stiffness.

SPECIAL ADHESIVE TAPES

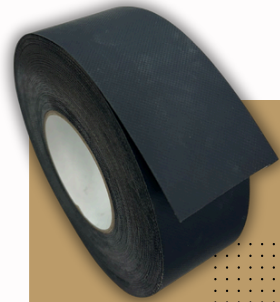

OSKORP

TYVEK® TAPE

A special Tape made out of a Tyvek carrier.
Very high adhesive power. Suitable for Indoor & Outdoor use.

Perfect fit for any kind of House Wrap

OSKORP

UV TAPE

Made out of a special 5,000 hour UV-stable material,
this Tape is for high-demand applications.

OSKORP

COPPER TAPE

The ultimate solution for seamless electrical applications! Our premium copper tape features a robust hot melt adhesive film that ensures a strong, permanent bond, making it your go-to choice for conductive floor coverings and more.

HIGH PERFORMANCE BUILDING ENVELOPE

AVAILABLE EARLY 2025

OSKORP

PLATINA

A high-performance, self-adhesive "Peel & Stick" roofing membrane designed for superior protection and durability in all weather conditions.

- Temporary cover for up to 9 months
- Anti-slip from grid embossing
- For metal, shingle & tile roofs

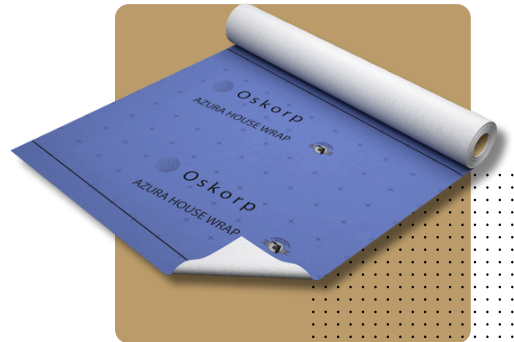

OSKORP

AZURA

A reliable and cost-effective house wrap that provides exceptional breathability and moisture protection for residential and commercial buildings.

- Open to diffusion
- Temporary cover for up to 3 months

OSKORP

TILE ADHESIVE

A versatile and durable polyurethane foam ideal for insulation, sealing, and filling gaps in construction projects, ensuring airtight and energy-efficient results.

- System tested for Hurricane safety with the Oskorp Platina
- Highest performance on all kind of roofs

HIGH PERFORMANCE VAPOR BARRIERS

OSKORP SMART MEMBRANE

VARISMART DUO

Presenting an innovative moisture-adaptive vapor barrier featuring fleece lamination. Crafted for superior airtightness and UV protection, it adapts to varying humidity levels, guaranteeing enduring performance in roofing systems.

OSKORP SMART MEMBRANE

VARISMART

The VariSmart membrane serves as a moisture-adaptive vapor barrier, similar to the VariSmart Duo. However, the VariSmart lacks a fleece coating, making it slightly less resistant to tearing and UV exposure.

OSKORP SMART MEMBRANE

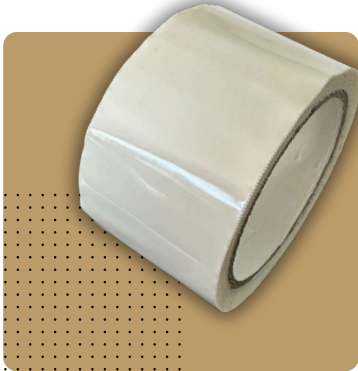

VARISMART DUO+

With comparable technical features to the Oskorp Varismart Duo, the Duo Plus includes an extra mesh layer that enhances its durability, making it ideal for applications such as blown-in insulation.

Oskorp
Essentials

VAPOR BARRIER SYSTEM

OSKORP ESSENTIALS

LINERLESS ESSENTIAL

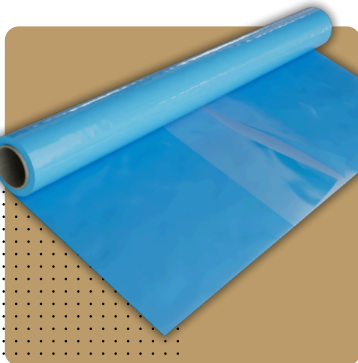

The Linerless Essential Tape is a versatile multitape for indoor and outdoor use, offering easy application, reduced waste, and reliable performance at a great value. With a lighter adhesive and easy-tear function, it's a convenient, cost-effective choice

OSKORP ESSENTIALS

VARIFIX SD2

The VariFix Sd2 is a breathable, airtight, and highly durable vapor retarder designed for interior and roof construction. Ideal for both new builds and renovations, it's environmentally safe, fully recyclable, and compatible with blown-in insulation. With easy installation and outstanding performance alone or with roof underlayments, VariFix is the sustainable choice for modern construction.

OSKORP ESSENTIALS

VARIFIX SD100

The VariFix SD100 is a vapor barrier film designed for pitched roofs, flat roofs, and timber beam ceilings, providing long-lasting protection against moisture and structural damage. With an SD value of 100m, this durable film ensures reliable safeguarding for any construction project

WINDOW SEALING SYSTEM

OSKORP

DUOEASY

The smart Flashing & Sheathing Tape

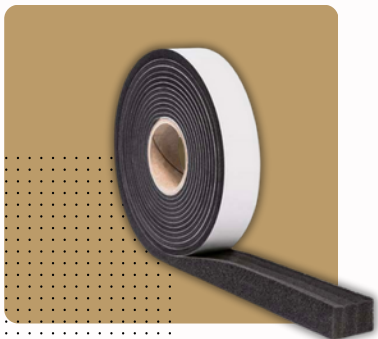

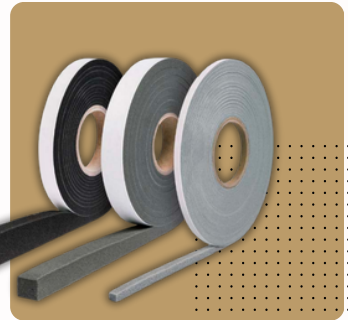

- Internal and external window sealing
- Smart moisture-adaptive Sd-value
- With finger lift and split liner
- Stops draughts and moisture

HANNO

BG1 TAPE

Extremely durable Hanno-BG1 clearly exceeds the requirements for protection against driving rain, airtightness and resistance to weathering according to the highest standards for joint sealant tapes.

HANNO

3E TAPE

Ideal for an easy and reliable sealing of windows and doors during any weather, the „all-in-one“ multi-functional tapes are the optimum choice. Their moisture-adapting membranes ensure that the joint can dry out all year.

OSKORP LOFT LINE PLASTER

Welcome to Loft Line by Oskorp, your go-to source for premium decorative plaster solutions.

OSKORP LOFT LINE PLASTER

Loft Line Decorative Plaster for a Concrete Look

Soluflex Beton Line is a high-quality decorative plaster that mimics the aesthetic of untreated concrete walls. Perfect for creating an exclusive and contemporary look, it enhances the visual appeal of any room.

Applications

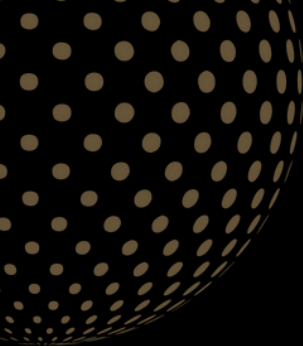

- **Indoor and Outdoor Use:** Perfect for living rooms, kitchens & bathrooms
- **Splash Zones:** When combined with Beton Line Impregnation, it is perfect for areas exposed to water
- **Application on Tiles:** Excellent for bathroom renovations

Benefits

- **Ease of Use:** No additional training required for application.
- **Durability:** Provides a long-lasting and durable finish.
- **Aesthetic Appeal:** Enhances the visual appeal with a modern concrete effect.
